

Exciting times for FSC

We have moved to our very own home!

Providing a safe, comfortable & friendly place for seniors to gather for social, educational and recreational opportunities.

Since 2003, when the Fortuna Senior Center was organized, we have rented space to operate from. As our membership grew & circumstances with rentals changed, we had to move several times. Our most recent move, that we thought would be our last, soon proved that the space did not work for us as well as we had hoped.

With the endowments received over the years (with the intention that they someday be used for our own building) and the many generous donations received since 2020, our dream & vision have become a reality. Beginning January 1, 2024 we have a new address and a permanent home that was created with senior's needs at the forefront of the building plan. We couldn't be more proud of all the senior center members, local foundations, community members & businesses, and others who believed in this project, supported us along the way & helped us see it through to completion. Our gratitude is immense!

Our progress in pictures:

- ✓ Purchase Property

- ✓ Plan the building (FSC Volunteers, Darin Thomsen Construction and Whitchurch Engineering)

- ✓ Get plan approval from the city
- ✓ Hire general contractor (DCI Builders)
- ✓ Take down existing trees (Dan Collings Tree Service)
- ✓ Clean up the downed trees. FSC Volunteers cut, split, loaded, hauled and delivered firewood to seniors in & around Fortuna

- ✓ Get revised/final plan approval from the city
- ✓ Ground breaking event – June 29, 2021

- ✓ Site Prep
- ✓ Foundation
